BURSARIES FOR COACHES ATTENDING POST-SECONDARY PROGRAMS

In recognition of the fact that the commitment to being the Head Coach or Assistant Coach of a minor hockey team, particularly for “A” teams may well prevent coaches who are attending full time post-secondary academic programs from being able to work as many hours as they would otherwise be able to do to contribute toward the costs of their education, the Association may from time to time award bursaries to such coaches to assist in the costs of their studies. Such awards are subject to the following conditions:

- Applicants for bursaries must first have been awarded a scholarship (in a previous year), under the Association’s scholarship program.
- Bursary awards to any individual must not exceed \$2,000 for any one academic year.
- No individual may receive scholarships and/or bursary awards for more than five years, unless pursuing post-graduate studies.
- Applicants must provide evidence of current acceptable academic standing in their course of studies.
- Bursary awards are made strictly at the discretion of the Association and shall be paid from the Scholarship and Financial Assistance Fund.
