Evaluation and Selection Process for “A” Teams (Tryouts)

Evaluations for Rep teams occur in the beginning of September. The fee to participate is subject to early, standard, and late registration fees. Rep tryout fees are **mandatory** to participate in the tryout process and must be paid in advance of the start of tryouts. See the last page of this document for the tryout fees that will apply for the 2025-2026 season.

Players that wish to play at the Rep level should also be aware that participation on a Rep team comes with additional **Rep fees in the amount of \$55** over and above the registration fees, tryout fees, and other fees that are incurred at a team level such as team fees, tournament fees, travel costs, and so on. The Rep Fees must be made within 2 weeks of a player’s selection to an “A” team.

Rep fees cover the following costs:

- Increased referee costs for A teams.
- Higher carding fees levied by BC Hockey.
- **2 additional hours of RPM development** in addition to the standard allotment of development, to be used at the coach’s discretion.

Withdrawal from Rep Tryouts

- Withdrawal on or before June 15th: 100% will be refunded.
- Withdrawal after June 15th: No refunds will be provided.

Please note that while every division will form an “A1” team, there is no guarantee that an “A2” team will be formed in any division. An “A2” team will only be formed if, among other things, (a) a sufficient number of players participate in the tryout process to form an “A2” team, (b) the applicable “A2” team would be competitive, and (c) the formation of the “A2” team would not render the “C” teams in the same division uncompetitive and would not impair the development and morale of the “C” team players. The decision on whether an “A2” team will be formed will be made after the first stage of the tryout process.
